

Certificate
W-16-188C
Initial type-testing - Product Test

of
Glass fibre mesh 160g/m²

**for use in External Thermal Insulation Composite Systems (ETICS) with rendering
according to ETAG 004/2013**

Manufacturing plant: TEMAD PRODUCTIE S.R.L.
Soseaua Cristianului nr. 12
500053 Brasov
Romania

Basis: Test Report No. PB 1.3/15-175-2 from 06 October 2015 to the
MFPA Leipzig GmbH

Recorded performance features: Tests according to annex C of the ETAG guideline 004
- Mass per unit area
- Ash content at 625 °C
- Mesh size of the reinforcement
- Elongation in the as-delivered state and after ageing

The certificate only applies to the test results indicated in the above-mentioned test report of the examined glass fibre mesh. The requirements after ETAG 004 are fulfilled.
The certificate is valid until 30/04/2017.
